Mon 2	IPM37	**The roles of statistical agencies in developing statistical literacy**
13h00-	13h00	Organiser and chair
15h15	13h05	Readability and ease of use of the Eurostat ternet
	13h35	Improving statistical literacy - Strategies and perience of the Australian Bureau of stics
	14h05	The role of Statistics Portugal in developing tistical literacy
	14h35	Discussant
	15h50	Discussant
	15h05	Open discussion

Tue 1	IPM38	**Educating the public on how to use official statistics.**
09h00-	09h00	Organiser and chair
11h15	09h05	Making statistics attractive through artnerships with the Media
	09h30	Improving use of official statistics - how arketing and IT help
	09h55	Making official data relevant to students: atistics Canada's Education Outreach ram
	10h20	Discussant
	10h35	Discussant
	11h50	Open discussion

Fri 1	IPM39	**Challenges faced in Statistics Education n African countries**
09h00-	09h00	Organiser and chair
11h15	09h05	Statistics Education in South Africa: hallenges and Successes
	09h40	Challenges faced in Statistical Education in iopia
	10h15	Statistics Education in Kenya-Developments d Challenges
	10h50	Open discussion

Mon 1	IPM40	**Balancing the training of future statisticians for workplace and research**
09h00-	09h00	Organiser and chair
11h15	09h05	The Likelihood Principle in Statistics
	09h30	Balancing Theory and Application: A South can Perspective
	09h55	Training for Statisticians in a Research ganisation
	10h20	Training Problem Solvers
	10h45	Discussant
	11h00	Open discussion

Tue 3	IPM41	**Exploiting the Progress in Statistical Graphics and Statistical Computing for the enefit of Statistical Literacy**
15h30-	15h30	Organiser and chair

	15h35	Using R and GGobi to Enhance the earning of Multivariate Analysis and Data ng
17h45	16h05	Wikis, Dynamic Charts, Videos and other nnovative Tools to Transform Statistics into wledge
	16h35	How to Avoid Some Common Graphical stakes
	17h05	Tools to transform Statistics into Knowledge. novations in Accessing and mmunicating Development Progress in Africa
	17h35	Open discussion

Mon 3	**IPM42**	**Survey Research in Statistics Education**
15h30-	15h30	Organiser and chair
	15h35	Methodological problems of survey plications in statistics education
17h45	16h05	Did It Make a Difference? Evaluating ansformational Change in the Statistics sroom
	16h35	Teaching Statistics Through Surveys – xperiences at the University of thampton
	17h05	Discussant
	17h35	Open discussion

Tue 2	**IPM43**	**Research on Informal Inferential Reasoning**
		Organiser
13h00-	13h00	Chair
	13h05	Cognitive Development of Informal ferential Reasoning
15h15	13h35	Insights into Informal Inferential Reasoning the Primary Classroom
	14h05	Informal Inferential Reasoning About Large ientific Data Sets
	14h35	Discussant
	15h55	Open discussion

Tue 3	**IPM44**	**Teaching, Learning and Assessing Statistics Problem Solving in Higher ducation**
15h30-	15h30	Organiser and chair
17h45	15h35	The application of problem-based learning statistics education: a case study
	16h05	Similarities and contrasts in learning oblem-solving in statistical data analysis modelling
	16h35	Issues of Assessment when Teaching through Problem Solving
	17h05	Discussant
	17h35	Open discussion

Wed 1	**IPM45**	**Technologies for learning and teaching in developing countries**

08h15- 10h30		Organiser
	08h15	Chair
	08h20	Integration of the Technology Use into atistical Classroom through Networks of rning Activities
	08h50	Large group teaching and technology – n't throw the baby out with the bathwater.
	09h20	Mobile learning for Statistics Education in OU
	09h50	Discussant
	10h20	Open discussion

Wed 2	IPM46	Virtual Learning Environments for Statistics Education
10h45	10h45	Organiser and chair
13h00-	10h50	Relating student learning preferences in a ended learning environment for learning ics to student characteristics
	11h15	An Introduction to Probability with R
	11h40	Biostatistics at a Distance
	12h05	Specialized web-based tools for teaching atistical concepts and experimentation
	12h30	Discussant
	12h45	Open discussion
Thu 1	IPM15	The challenge of building a supply of statisticians for the future
09h00-	09h00	Organiser and chair
11h15	09h05	The challenge of building a supply of tisticians for the future
	09h35	
	10h05	Panelist
	10h25	Panelist
	10h45	Panelist
	11h05	Open discussion

IASE, IAOS
